

# New tenant ? Get an overview of all permits before you move in

## Kerteminde Municipality is your speedy co-operation partner

Start by contacting *Erhvervskontakten* (Business contact). This will guide you to a Key Account Manager who will assist you in providing an overview of all necessary permits from the authorities.

This may be permits concerning legislation, e.g. technical/operational regulations under the authority of Beredskab Fyn (the emergency management agency for Funen). Your Key Account Manager will handle the contact to Beredskab Fyn.

Send your application fast and digitally via [www.byggomiljø.dk](http://www.byggomiljø.dk). and we will soon be able to issue a permit to allow you to start up production and settle in. We handle any knowledge of your business production and development in confidence.

**In your application you will need to attach a power of attorney. Please contact Johan Jepsen, Lindø Industrial Park, who has a guide for this. Mobile phone (+45) 308 308 64**

## Your business contact in Kerteminde

Peter Timm, Key Account Manager (Building) E-mail: [pti@kerteminde.dk](mailto:pti@kerteminde.dk)  
Mobile: (+45) 3055 0188

Tine Steen Larsen, Management Consultant  
E-mail: [til@kerteminde.dk](mailto:til@kerteminde.dk)  
Mobile: +45 4046 9302

## How long will it take

When we work together and are in close dialogue, we may in some areas provide permits within

a very few days. Harder cases may take longer.

## What permits ?

Businesses in the Industrial Park typically obtain building and environment permits for;

- Open-air surface treatment
- Cast foundations
- Wastewater treatment plants
- Air emissions from grinding, welding, blast cleaning, spray painting
- Change in use of existing hall.
- New buildings, paint halls and other halls
- Oil separators, oil tanks and oil sites
- Noisy production
- Soil removal
- Temporary living quarters and site accommodation
- Fire and emergency management
- Erection of tent halls, pavilions, crew cabins etc.
- Mobile tank installations
- Permanent tank installations
- Washing sites
- Erection of towers, wind turbines and masts
- District planning

Existing halls and buildings;

- Storing dangerous liquids
- Change in use
- Supervisor office
- Rebuilding of offices/halls (new partition walls and change in escape routes)

## Other assistance offered

- Recruitment of labour
- Apprenticeship contracts and wage subsidy
- Aid subsidies
- Sickness benefits

### We are partners

Your success is our success and vice versa. The municipality gives high priority to your business

### Signalling effect and image

Tenants of the Industrial Park are professionals and observe the law

### Quick case handling

It is significant for all parties that you apply for permit rather than for forgiveness

### Flexible dialogue

We engage in the significant and confidential relationship between a business, the Industrial Park and the municipality. This saves time.

### Interdependence among tenants

You are in a professional environment where other tenants are also in control of things
